

**KENT INDUSTRIES INC.**

**NEWSLETTER FALL 2008**

### ***Benshaw Controls***

Benshaw offers an extensive line of cost-effective controls which are available everyday here at Kent Industries. A full range of contactors, overload relays and motor starter protectors are part of the lineup.

Kent Industries Inc. has been a Diamond Distributor of Benshaw products for over 10 years. The RediStart contactor line is built and tested to world standards including UL/CSA, IEC, and NEMA.

With most manufacturers limiting their warranties to just one year, Benshaw contactors are guaranteed.... **"for two full years"**. If you are looking for a cost efficient control line, that has the best guarantee in the business, give us a call at 1-800-222-5129.

Benshaw controls are in stock and always available for quick delivery across the USA and Canada. Most standard products ship same day or next day. If you would like more info just give us a shout...we are always here to help.

***For the month of November:***

When you purchase **Benshaw** controls, UPS /Fedex **ground freight** shipping charges are **FREE**—to you \*\*

**\*\* above offer applies to components only - ground freight only ... Please mention code # KI 0011**

**HAPPY  
THANKSGIVING  
FROM ALL OF US  
AT  
KENT INDUSTRIES**

Volume 1 Issue 5**

**BENSHAW RSC-150**

### **MOELLER**

Just a reminder to all of our Moeller customers that there is never an expedite charge for UPS RED or FED-X overnight shipments shipped from our stock directly from our facility in Newton N.J.

Our Moeller stock is extensive as we are the largest Moeller distributor in the Northeast.

Give us a call for that last minute emergency. Our minimum billing remains at \$25.00
