KENT INDUSTRIES INC. NEWSLETTER

VOLUME 1, ISSUE 2

JANUARY 2008

WELCOME TO THE FIRST ISSUE OF "THE NEWSLETTER"

We at Kent Industries would like to welcome you, one of our highly valued customers to "The Newsletter". Our aim is to keep you informed with the latest product information, and updates as they become available. Kent is the largest authorized Moeller distributor on the East coast. We pride ourselves on providing the best service possible. We make your time sensitive needs our major concern. We want you to realize how important your business

is to us and how much we appreciate your continued support. Kent has been primarily known as a major Distributor of the Moeller Electric product line since 1982. Did you know that Kent Industries also offers Siemens, Square D, Benschaw, Furnas, ABB, and Telemecanique. We also carry Micron transformers, mini glass fuses, and European "milk bottle" fuses. If you ever have a need for any of these products, please feel free to give us a call.

Meet "Hanna Banana"

Hanna is our company mascot. Most days she comes to work, but so far she hasn't done any work. Thus, no paycheck. She's a Chesapeake Bay Retriever and is 11 months old. We will keep you up to date.

At the top of the page you may have noticed our Kent Store web address. We're proud of the way the store is progressing. Parts are being added weekly. When you get a chance, go to: www.kentstore.com and see what we have to offer. Many orders can now be processed online.

MOELLER ANNOUNCES PRICE INCREASE EFFECTIVE JANUARY 1ST

Please be advised that Moeller prices will increase 5% on the first of the year. Miniature circuit breakers will increase 7%. Also, Moeller will now charge a \$25.00 expediting charge that will apply to all UPS RED rush orders shipped from the Houston location. Our goal is to have what you need in

stock here at Kent. If we can accommodate you from our stock there will be no added charges. If we have to have items sent direct from the Moeller Distribution Center we will pass along the \$25.00 expediting charge along with the freight charges.
