### LOVATO ELECTRIC CONTROLS

Kent Industries Inc. is pleased to announce the addition of Lovato Electric controls to our ever expanding product line.

Lovato Electric has been supplying industry throughout the world with quality products since 1922.

Lovato Electric offers a wide range of products including manual motor starters, disconnect switches, IEC style and definite purpose contactors, IEC style overloads, 22mm pilot devices, limit, micro and foot switches, modular electronic time relays and soft starters.

We are truly looking forward to our new relationship with Lovato Electric. If you have an immediate need or would just like more information on our new product line, please feel free to contact us at 1-800-222-5129 or find us on the web at [www.kentstore.com](http://www.kentstore.com). Currently there are approximately 1100 items listed. The individual parts description contains valuable information as well as any add-ons available. Lovato parts will begin to be added to the store beginning Monday, December 15.

**Announcing:

Controls  
And Kent.**

### Moeller Expedite Information

Just a reminder to all of our Moeller customers that there is never an expedite charge for UPS RED or FED-X overnight shipments shipped from our stock directly from our facility in Newton N.J.

Our Moeller stock is extensive as we are the largest Moeller distributor in the Northeast.

Give us a call for that last minute emergency. Our minimum billing remains at \$25.00
