## NEWSLETTER

JANUARY 2009

### **OBSOLETE CONTROLS ON [www.kentstore.com](http://www.kentstore.com)**

We trust everyone had a Merry Christmas and a Happy New Year. We would like to thank all of you for your continued support throughout 2008.

As we kick off 2009, we are making a concerted effort to reduce our Moeller (and others) aged product. I am sure you can imagine that quite a bit of product can be accumulated over 26 years. We are in a bargaining mood and will definitely "talk" price. All of these obsolete items are in brand new condition, all in the original packaging, with the exception of the coils. The coils are all new, but lack original packaging. We invite you to take a look at our obsolete parts list at:

[www.kentstore.com](http://www.kentstore.com).

If you can not find exactly what you are looking for, please give us a call at 1-800-222-5129. If we can not locate it for you, we will be glad to share our expertise and switch you over to a new style replacement.

Again, for all your motor control needs, find us quickly at [kentindustries.com](http://kentindustries.com)

Full Listings are at:

[www.moellercoils.com](http://www.moellercoils.com)

[www.obsoletemoellerparts.com](http://www.obsoletemoellerparts.com)

Kent Industries has the parts you need, in stock, available for immediate delivery. If you have any

motor control requirements, either now or in the future,

**KENT INDUSTRIES - LARGEST MOELLER  
DISTRIBUTOR ON THE EAST COAST**

please don't hesitate to give us a call toll free at

1-800-222-5129 . We are always here to help !!
