March 2009

KentStore.com adds new parts to online store

Kentstore.com now contains over 1300 parts, with manufacturers ranging from [Benshaw](#), [Moeller Electric](#), [Siemens](#), [Square D/Telemecanique](#), [Micron Transformers](#) and [Furnas](#). Our newest addition to the online store is [Allied Moulded](#) and their fiberglass reinforced enclosures.

Having been an [Allied Moulded](#) distributor for over 10 years, we have the knowledge to find the correct enclosure for your needs.

Whether you need NEMA 4X protection, a windowed enclosure door or just need a simple 8x6x4 box to house a starter, we can provide the technical support to ensure you receive the appropriate enclosure.

KENT NOW STOCKS LOVATO ELECTRIC!

Kent Industries Incorporated is proud to announce that we have procured our first stock shipment from [Lovato Electric](#) and are now officially recognized as a Lovato Electric "Platinum" Distributor. We now stock the full line of [Lovato Electric BG and BF series](#) of IEC style contactors from 16A - 125A along with the compatible auxiliary contact blocks and accessories. In our initial order we also received the popular SM1B manual motor starters and protectors, which are a cost-efficient and suitable alternative to the [Moeller Electric \(Klockner-Moeller\) PKZM0 and](#)

[PKZM1](#) motor starters. Or if you are looking to replace the obsolete [Square D / Telemecanique ZB2 or ZB4](#) series of metal

pushbuttons, Lovato offers competitive pricing on their 8LM2T line of pilot devices.

Now that we are authorized distributors for [Lovato Electric](#), we have access to the full line of [Lovato Electric](#) controls. From their K Series of limit and micro switches, DIN rail mounted and plug-in timers to their current and voltage monitoring relays, we can provide fast delivery along with some of the most competitive pricing in the industry.

Feel free to give us a call, toll free, at 800.222.5129 to request a catalog or brochure information. We are also offering a 30-day free demo kit on the [Lovato Electric](#) line of contactors, motor starters and pilot devices. So if you would like a sample of these parts, let us know what you are looking for and we will send it out to you as soon as possible.

Thank you for subscribing to the monthly [Kent Industries Incorporated](#) Newsletter. If your e-mail address was incorrectly added to our list or you would like it to be removed, [please click here](#) and you will immediately stop receiving correspondences from us.
