## ***Moeller announces price increase***

Wow!!...Is summer over already? That was quick. We hope everyone had a *great* summer. We just wanted to get in touch with all of our customers and give you a formal notification of the Moeller price increase that will become effective on **9/27/08**. The percentage increase will vary from one product group to another, but it seems to all be in the 5-6% range. List prices will change as well as all the multipliers. After September 15th, new Moeller catalogs will be available with all the new list price updates. You can call us at 1-800-222-5129, or drop an e-mail to [ed@kentindustries.com](mailto:ed@kentindustries.com) to reserve your copy. We are in the process of upgrading our online store, [www.kentstore.com](http://www.kentstore.com), to reflect the Moeller price change.

### **MOELLER - ORDER BY 9/25/08**

Order your Moeller parts by 9/25/2008 to beat the price increase. Kent Industries has the parts you need, in stock, available for immediate delivery. If you have any upcoming jobs or orders

needing Moeller products give us a call 1-800-222-5129 before the price increase. We are here to help !!

### **SALZER SWITCHES** *ROTARY CAM SWITCHES*

#### **SALZER**

We are proud to announce that Kent Industries is an authorized distributor for all Salzer switches.

Since 1956, Salzer has specialized in the development and manufacture of low voltage switchgear. All switches comply with national and international standards (IEC/UL/CSA) and are suitable for world-wide application....now available here at Kent Industries.
